Subject: pizza party

Hi everyone

here we go for our first holiday pizza: bring your own drinks, Sharon is providing salad, we will order two pizzas, one with meat, the other peppers and onions - cost is \$7.00 per person (that includes tax, tip to delivery driver)

12:30 in our lunch room - bring chairs!

It seems like we are able to get a free dessert with delivery. If we have a choice - please vote for:
chocolate coconut cookies
smore brownies
chocolate almond cheesecake
